

To the graduates of the 9th English Salon,

Congratulations on your graduation!

I hope you enjoyed the two years of English Salon.

I would be very interested to hear what impressions you had of Ms Miyamoto's reading of "Anne of Green Gables."

If anyone felt that the two years of English Salon helped you become familiar with English, make friends, and add structure to your daily life, I would be very happy.

The English Salon is now over, but please continue to cherish your love of English and maintain your connections with your classmates.

Finally, I sincerely wish you all good health and happiness.

A handwritten signature in black ink, reading "S. Takahara". The script is fluid and cursive, with the first letter "S" being particularly large and stylized.

S. Takahara
